Vadakara, Kozhikode, Kerala - 673503

EDUCATION

- Sahrdaya College of Engineering and Technology** Thrissur, Kerala
B.Tech in Computer Science & Engineering; CGPA: 8.36
Expected 2027
- T.I.M GHSS** Kozhikode, Kerala
Higher Secondary - Biology Science; Percentage: 91.91%
2021 - 2023
- T.I.M GHSS** Kozhikode, Kerala
Secondary School; Percentage: 100%
2021

SKILLS

- Programming Languages:** C, SQL, Python, HTML/CSS
- Frameworks & Libraries:** React, React.js, PyQt5
- Development & Design Tools:** VS Code, PyCharm, Figma, Canva, MS Office
- Professional Skills:** Leadership, Team Collaboration, Adaptability, Analytical Problem Solving, Task Prioritization, Continuous Learning

INTERNSHIPS

- Frontend Development Intern** Calicut, Kerala
NIT Calicut (CITRA)
May 2025 - Jul. 2025
 - Developed GUIs using PyQt5 and Python for IoT-based embedded systems.
 - Worked with the development team on implementing and testing software features.

PROJECTS

- Maternal-Fetal IoT Monitor — React, Python:**
 - Developing an IoT-enabled wearable belt for continuous monitoring of fetal heart rate and maternal vitals.
 - Engineering a multi-sensor hardware-software interface for early warning of fetal distress.
- VESPER - AI-Powered Application Security Platform — Llama 3, OWASP ZAP, Attack Simulation:**
 - Developed a hackathon-winning security platform combining real-time code analysis, attack simulation, and continuous monitoring.
 - Integrated Llama 3 and OWASP ZAP for AI-assisted security analysis and automated vulnerability testing.

HONORS AND AWARDS

- Best Project Award - Alimerz, March 2026
- Best Volunteer Recognition - IEEE Smart Cities, 2025
- 2nd Place - Takedown 2.0 Hackathon, March 2025

POSITIONS SERVED / VOLUNTEERING

Graphic Designer

BRIK Community

Oct. 2025 - Present
